

Plan of Study (Winter term)

The Plan of Study establishes the plan and timeline for courses and/or non-course requirements that a student is expected to follow in order to complete their degree requirements. In consultation with the student, the faculty advisor/supervisor will recommend an initial Plan of Study and submit it to the GPD for approval.

The Plan of Study should be reviewed at a minimum of once each term, prior to course enrolment by the student for the following term, and any additions or changes should be discussed with and approved by the faculty advisor or supervisor and then the GPD.

Student Information		Supervision Information	
Student ID: 501356244		MRP supervisor name: Mucahit Cevik	
Student name: Nishi Patel		MRP supervisor's department: Mechanical, Industrial, and Mechatronics Engineer	
First-term of registration: September 2025		Expected completion date: August 2026	
Briefly re-state your MRP research focus and, where applicable, the progress in the MRP (major research project). This research focuses on predicting and explaining traffic collision severity in Toronto using machine learning models such as Logistic Regression, Random Forest, Gradient Boosting, and XGBoost. It also uses SHAP for explainability and spatial analysis to identify high-risk areas. The goal is to support data-driven road safety improvements. So far, I have completed data			
Course Information			
Course plans and registration history (include all courses you have taken and those that you plan to take)			
Course Number	Course Title	Term completed/to be taken	Grade
DS8001	Sign of Algorithms and Programming for Massive Data	Fall 2025	A
DS8002	Machine Learning	Fall 2025	A+
DS8003	Mgt of Big Data and Tools	Fall 2025	A+
DS8004	Data Mining and Prescriptive Analytics	Winter 2026	
DS8005	Soft Skills, Comm, Ethics	Spring 2026	
DS8012	Research Skills	Winter 2026	
Elective 1	DS8008 NLP (Text Mining)	Winter 2026	
Elective 2	DS8013 Deep Learning	Winter 2026	

Non-Course Requirements		
Objectives and deadlines for the Winter term. Outline the research objectives/methodologies/milestones to be met this term and any deadlines.		
Item	Deadline	Progress made (Y/N)
MRP proposal	April 30	Y
Progress Designation for the Winter term. (check)	INP ☒	Faculty signature: 
*If UNS is assigned, please complete a UNS Designation form and submit to the Graduate Program Administrator.	UNS ☐	Date assigned: Apr 28, 2026
Objectives and deadlines for the Spring/Summer term. Outline the research objectives/methodologies/milestones to be met this term and any deadlines.		
Item	Deadline	Progress made (Y/N)
Literature Review and Exploratory Data Analysis	Jun 24	
Methodology & Experiments	July 14	
Results	July 28	
Project Report & Poster	Aug 18 & Aug 2	
Progress Designation for the Spring/Summer term. (check)	INP ☒	Faculty signature: 
*If UNS is assigned, please complete a UNS Designation form and submit to the Graduate Program Administrator.	UNS ☐	Date assigned: Apr 28, 2026
Approval Dates and signatures		
Students:		Apr 28, 2026
Supervisor/Advisor:		Apr 28, 2026
